Dear Families:

We are excited to announce a new school resource, PebbleGo, that can be accessed from school, home, or on the go—anywhere with an internet connection.

PebbleGo is a database specifically geared toward the needs of K-2 learners. It helps your student learn foundational research skills plus provides critical early-reader supports like audio voice overs and text highlighting.

But best of all, students love using PebbleGo. The easy navigation makes it inviting for students to discover new information. Features like videos and fun games keep them engaged and learning. And you can feel comfortable knowing that they are exploring an ad-free website bursting with resources to help your student master many skills and learn fun facts they will be so proud to share.

Please explore PebbleGo with your student and let us know your feedback.
